STUART AITKEN

Senior .Net Developer

WORK EXPERIENCE

FPT Software, Vietnam - Senior Developer

Aug 2021–Present

Multiple projects using new and legacy .NET technology, SQL Server, Blazor, React. Oversaw and took a lead role in full Blazor WASM project using Signal-R. Took senior role in React project overseeing and mentoring some juniors. Regular code reviews. Agile methodology.

Moovshack, Luton - .Net Developer

Dec 2020–Aug2021

Primarily focused on integrating Moovshack API with third party platforms. Some full stack web development.

JBA Consulting, Skipton - .Net Developer

Jan 2020–Dec 2020

Worked independently on porting the flagship GISmapp iOS app to Xamarin Forms, from Obj-C to C#. Also performed some full stack web development duties using Net Framework MVC and SQL Server.

eChinaCareers, China - .Net Developer

Apr 2018–Jan 2020

Start-up in the recruitment sector in China. Independently created the eChinaCareers website (.NET MVC / SQL Server) and an in-house applicant tracking system using UWP. Also created a sister website (teacher-bay.com) using Net Core / React and Typescript.

Chengdu Zhaoguo Software, China - Intern

May 2017–Apr2018

Internship covering basic full stack development using Entity Framework and jQuery
